### LEGENDA (mm)

**ST** = DL

**Ø** Diametro foro

**av** Avanzamento

**sp** Spessore

## MAGLIA TONDA

### SPIANATA

Le reti possono essere prodotte in diversi materiali, in rotoli e fogli, in spessori e formati standard o su misura.

I dati riportati si riferiscono all'acciaio al carbonio.

Gli spessori indicati sono i più venduti.
